Structural changes on the 23/22 Budget

On 19 August 2020, Kuwait National Assembly passed Law 18 /2020 that amended decree law (106) of the year 1976. The law, before the amendment, mandated the transfer of 10% of all state revenue to the Future Generations Fund (FGF, commonly known as Kuwait's Sovereign Wealth Fund). The amendment to the law makes the 10% transfer conditional on the state registering a surplus in its closing accounts. The law came into effect on September 13 retroactively, starting from FY 18/19.
